Call for Papers

Maintaining and Managing Onsite Systems for Success

The 2017 BCOSSA Conference's theme this year is
Maintaining and Managing Onsite Systems for Success

The regular or scheduled servicing of onsite sewerage systems are critical for maintaining property values, public health protection, and environmental protection

The BCOSSA is open to receive your contribution to this conversation and requests your thoughtful papers, ideas and research papers for presentation on a subject related to the theme. BCOSSA is looking for papers on:

- **Writing a Maintenance Plan – Residential – Commercial**
 - **Treatment Method Maintenance**
 - **System Monitoring Methods**
- **Beneficial Outcomes to Regular Maintenance**
 - **Benefits to Land Developers**
 - **Benefits to Local Governments**

Please submit your presentation by August 30, 2017 to
BCOSSA@shaw.ca or call 778 432-2120

CONFERENCE DATES: November 3rd and 4th, 2017

**CONFERENCE LOCATION: Kamloops Coast Hotel
1250 Rogers Way, Kamloops, BC**
